### **How Does Touched By The Light Publishing Help The Community?**

Touched By The Light Publishing helps our communities by conducting fundraiser to solve common problems. A Touched by the Light Fundraiser is designed to put funds in the hands organizations so they can serve the community; an ideal partnership. The process is grounded in the conviction that a partnership between TBTL churches and a nonprofit or women's organization can be mutually beneficial. Many churches and nonprofit organizations have the ideas and the capacity to solve problems, but not the money needed to implement these solutions. Now financial resources can be obtained through our fund raiser. Our fundraisers are not stressful and conducted entirely on line.

### **TOUCHED BY THE LIGHT PUBLISHING OFFERS A NO RISK, NO UPFRONT COST, HIGH PROFIT FUNDRAISER THAT WILL BENEFIT YOUR CHURCH AND THE COMMUNITY**

Our Book Fundraising Program is designed for churches, faith based schools, church youth groups, and other non profit organizations. The proceeds from our fundraiser can help you expand the services you would like to provide to children such as improving their ability to read. Depending on participation your church can earn from \$8,400 to \$50,000. We are quite serious in supporting organizations that help children. A Touched By The Light Publishing book fundraiser is an innovative way for churches to raise capital for various projects by using word of mouth and using the Internet to promote the fundraiser. Our fundraiser is quite simple all your congregation or volunteers have to do is ask friends family, neighbors and coworkers to purchase our books from a TBTL website, [www.christianbooksellers.biz](http://www.christianbooksellers.biz). The congregation can appeal to friends and family all over the country, in person, over the phone, or over the Internet. Blog radio or other local stations can be used to announce your book fundraiser. Our well thought-out fundraising strategy doesn't make too many demands on any one facet of your organization. Children are not put at risk. The fundraiser is conducted by adults. The fundraiser is not conducted in your sanctuary. Our fundraiser is not time consuming, expensive, nor stressful, and your church will get a lot back for your fundraising efforts. Our fundraisers are well received because our books foster reading self improvement, problem solving and learning the word of God.

### **What is a Touched by the Light Fundraiser?**

A Touched by the Light Fundraiser is designed to put funds in the hands of churches and nonprofit organizations so they can better do their work. This truly is an ideal partnership. The process is grounded in the conviction that a partnership between nonprofit organizations can be mutually beneficial. When you spend a great deal of your time seeking money, it is hard to stay focused. Nonprofit organizations have the ideas and the capacity to solve problems, but not the money needed to implement these solutions. Now financial resources can be obtained through our fund raiser. The Touched by the Light Fundraiser brings the two together effectively, and the result is a dynamic collaboration. The second half of the answer to the above question can be found in the answer to these questions “What do you want for your members or clients? How will your church serve its members or clients? What are your church’s long and short term goals? What does your church want to provide to its members or clients? What is the overall direction of your church?” When you answer these questions you see the need for a Touched by the Light Fundraiser. Church income is all about multiple streams of income. When you put together your annual plan, you need to include as many ways to raise money as possible. Now that you have been introduced to the Touched by the Light Fundraiser you should ask yourself how much money do we want to raise for your church? Our fundraiser is a well thought-out fundraising strategy that doesn't make too many demands on any one facet of your organization. Every fundraiser that you conduct places various demands on your volunteers, your supporters, and your leadership. Those demands can be time consuming, expensive, and stressful, and your organization ends up getting back very little or nothing at all for your fundraising efforts. Thinking smart means taking the time to review past results and strategizing about how to do better this year. If you don't begin considering some new and creative ideas to increase your bottom line, how are you going to rise above last year's results?

#### **MOTHERS WITH CHILDREN IN PRISON AND LITERACY** Support our Adult Literacy Program

Do you have a son or daughter in prison? Are you quietly waiting for his or her release? If so you should watch our literacy video at [www.touchedbythelightliteracyprogram.com](http://www.touchedbythelightliteracyprogram.com) and volunteer to help Touched By The Light Literacy Program by directing friends and family to our website to make a book purchase. The proceeds from these purchases will help us improve the lives of countless prisoners who cannot read. You can form a group and find speaking engagements for Touched By The Light speakers to raise enough money to send our books to prisoners. You will be helping your child and someone else’s child. Individually we cannot do much but together we can prevail. You should email us for ideas on how to prepare for their release. Literate parolees can readily seek employment or higher education rather than steal. Please call us and help with this project – you will literally save lives. Do not let shame keep you from helping. To error is to do nothing.

#### **MOTHERS WHO DO NOT HAVE CHILDREN IN PRISON:**

We want you to purchase two books “[If You Believe In God You Do Not Belong In Prison](#)” and “[You Are The Prophet of your Life.](#)” Have everyone in your family read these books then invite our speaker to conduct a Violence Seminar at your local church or youth center. These are hard hitting take no prisoners books. These books have turned prisoners around. We have letters from prisoners thanking us for providing these books to them. Some of the letters can be seen on our website under The Wall Project.
